

## **Erratum: Light and electron microscopic study of the effect of paracetamol on the heart of adult male albino rats and the possible protective effect of vitamin C**

In the editorial titled “Light and electron microscopic study of the effect of paracetamol on the heart of adult male albino rats and the possible protective effect of vitamin C”, published on pages 1-4, Issue 26, Volume 1 in Kasr Al Ainy Medical Journal <sup>[1]</sup>, the below paragraph present at the bottom of page no. 4 is to be deleted:

“Arabic Summary

Overall, it is poorly written and needs to be carefully rewritten and improved. I would like to ask the author to carefully revise the manuscript according to my comments. The editing of the whole manuscript needs to be revised according to the guidelines of your journal.

Yours sincerely, Prof. Amina Borhamy El-Fadaly, Professor of Anatomy, Faculty of Medicine, Cairo University”
